What can be done better?

All is down to your mentality. You can move mountains with your mental strenght and to make this process the key is the **daily work**. How you think, what is your obsession and desire determines your results and successes. Keep improving in all areas and put mental part on another level, decide 100% for table tennis and you will see how fast you develop in other areas as well.

What are your next GOALS?

In terms of practice and approach the goal is to increase your basis and work hard day-in and day-out. The next period will be full of competitions to test yourself and to find your place in the senior world. **Make your way** there! Next 6 months are about getting stronger, getting to know yourself and to make the balance between continuous hard work and competitions. This period prepares you for the next season, so be ready and give all you've got!
