You will have more peace in your preparation which will automatically bring results at all stages, but keep in mind that **still the focus is on your table tennis development.**

Physical is very much related to mental! You had good discipline following the programme, your work rate increased, regularity in your fitness plan were established so the goals for the first period were met. You showed that you are ready to work hard. You realised that for a tall player like you **taking care of your body and understanding it** is more than important. Next step is to go deeper in terms of understanding your own needs and qualities to be able to get the maximum out of your physical abilities.

You have already improved some things in your game and you proved that you can pick things from the trainers. Balance between your technical development and your own style will be the focal point to focus on. It is a long process till things come together but keep this way of work and have patient with the implementation in your game. You are building your general base for senior table tennis while **keep your winning strokes**. It is like building an airplane while flying which is a quite hard job, but you can do it!
