This season you have made significant results at every tournament or event you have attended. The regularity of your results reflects on your daily work, this goes hand-in-hand, the evolution is clearly to be seen. You reacted well **in Passau and became Nr. 1 player,** you have made the **World Tour Final in U21**, in addition you climbed the WR till 119 performing well internationally. On the top you were involved in the qualification tournament in France where the next step is to enter to the National Team to participate at big events. Well done for the last 6 months!

The work you have been doing with Michel is paying off because you are ready to **work deeply mentally** and this gives a line to your table tennis work. Your understanding, your ideas, evaluations, analysis are heading in the high level area, moreover you are getting to understand yourself more and more. You are ready to listen the reality and to work on the right points. Still your mood and anciety need attention and awarness! Keep working mentally, keep this way and go over your boundaries!

The biggest step you made is that you are getting to know the needs of your body better and better, you do physical work alone and you give useful feedback to Mika. In addition you understand the signs of your body more concerning tiredness, pains etc. You got stronger especially around your pelvis which helps you to have balance and forward-backward movings at the table. **Keep working on your own way, keep improving physically and take care of the area of trapezus!**

Comment:

The work on yourself and your own style, in addition the consistency and stability of your game helped a lot to make the raise in your performance. You are still building your base (a strong one), it will take a wee bit more time still, therefore the efforts towards your own game need to be still given, however the next steps will be to make your strong points even stronger and make some of the areas **THE** difference. Of course in the same time all other technical areas will improve but to compete against the best you need to have special strenghts.

You have been doing extras regularly and secretely, keep it up with this work. Make your own secrets and keep it for you. You became independent, you are well planned, this is the way. You are not anymore the clown of the group, but **one of the best worker,** this is a big change! You are finding the right balance between connecting to people and being reserved. We do recommend, even it can be tough, **to do school again**, we have spoken about it some time but 2 years work will bring a lot for your entire life!

You have future in table tennis, you need to keep pushing and being 100% involved in your project. **You don´t know your limit, so keep going over the boundatiies, keep discovering yourself**. In the same time be aware of the areas of your personality that need awarness and focus everytime.
