Comment:

As we know you and your capacity, we need to be honest and realistic that from the results point of view the last period wasn't as we and you wanted. We also know the reason behind and no need to repeat it because you have found your way back which will bring you also results.

Comment:

Simply, it must be better. This report is a reflection on the last 6 months and despite showing good signs from January, we need to say that **your strongest point is and will be your mental part** and there you made some mistakes after Rio. On one way it is normal and it didn't take long but on the level you want to be, from now on, there are no small or big mistakes. We have talked a lot about it and we know you have learned the lesson and more importantly you are back on track with your mental approach, efforts and attitude. **You are a soldier, a fighter, a worker from Worksop so just be who you are and continue your way using your fighting spirit and your cleverness!**

Comment:

You have been working with Goran and with his group. It is all fine as he is a great physical preparator. However your fitness did not really improve because from our perspective you have worked in way that it is not reflecting your table tennis level. **The work is fine with Goran but you must practice and table tennis more!** Simple is that!

Comment:

When you lose the way it means you lose your style as well which ends up in; things are there and they are okay but difference is not been made concerning the real important points like: forehand, selection, placement and it ends up in irregular level and results. You **MUST find your difference** and work on it every day, moreover **it is your treasury and you need to keep it and protect it**. You have your base so you can improve your game further on, so come on and go for it!

Comment:

Generally it is good what you do off the table but it can be better, especially concerning extra work and German language! Honestly; with your German language skills we don't understand **WHY** you don't decide to **speak mostly German!?** It seems a small thing but we do believe it is an important part of your project.

Comment:

Overallly we can say that you have learned a lesson due to this period and you are back on the way that brought you the big raise in your career. You simply can't afford it to lose the way and you must be up to your 100% at everything you do. **Remember your core strenghts, accept where and who you are, stay humble and work your socks off every day!**
