Comment:

For now you have settled in the team and in your national team which is very good. You took your chance and came into TTF team during a difficult time. You had two very important victories at 2:2 showing that we can count on you and you can perform under pressure as well. On international level you played **important game** for medal at the Europeans and you won yet another **U21 tittel** in Poland, so you are entering a level to play in vital games. We are confident that if **you continue working like you have been than more results will follow** and even maybe some surprises await you soon.

Comment:

You are **fully involved** in your table tennis project, that is very important, in addition you are about to find a good balance between following the sport plan and putting your input and character into your game and career. It is a process but an important part as to be a TOP player you need both parts. Your work ethic and approach were very good from the summer on, however your **way of entering competition games** needs improvement. Nevertheless you will learn and understand the **different aspects of fighting!** Use your lightness in some other areas and bring your 'farmer' and 'angry' part when it comes to games. **Activity and aggressivity are key words for you, so work on it!**

Comment:
 You have started a hard physical work with Goran, so you enter a different level just as in your table tennis career. **You need to continue this way because this will help you to be a TOP player.** However the idea is to find your own way, listen to your body, have your own input. This concept is general but also very much related to your physical work as well.

Comment:
 You are working well in practice, you have improved in all areas. You are still in the basic work phase however you are entering into details as well, so that is exciting! The trick is that in some areas you are good and talented like above the table, however there you need to work the most to make these **strokes and areas from good to excellent!** This theory applies to your own style and game, so work on your strenghts and **build consciously your game based on your qualities.**

Comment:

You are the best in off table organisation and planning, this is your very strong part. Keep in mind what that is for: **to make freedom and make space for deep thoughts, deep work, good ideas and quality time!** Even some times we will encourage you to be a wee bit of more of a 'bad student' to support your other part. Extra work will be also more in direction finding the best possible ideas for you like to surround yourself with excellent people. High level off table activities, very good work daily is the base and the once you have it, you will have energy and time for activities in the **motto of excellence and TOP sport**.

Comment:

You have met all our expectations and you have done well in the first part of the season. In many areas you have the basic level and this just after 2 and half years. More importantly your **personality is developing** and you have made good improvements in short period of time that **you can be proud of yourself**. Continue this way, feel free to express yourself and make your input keeping the good daily work following the sport plan. You are making also other important steps in your life for your future, your circumstances are well settled so **let's go for the next level!**
